71 Structures of News in the Press macrosociological perspective, interested in the institutional, professional and cultural context of news production.

Structures of News in the Press - Teun A. van Dijk

A macro (short for "macroinstruction", from Greek μακρο, 'long') in computer science is a rule or pattern that specifies how a certain input sequence (often a sequence of characters) should be mapped to a replacement output sequence (also often a sequence of characters) according to a defined procedure.

Macro (computer science) - Wikipedia

1 Overview. Gmsh is a three-dimensional finite element grid generator with a build-in CAD engine and post-processor. Its design goal is to provide a fast, light and user-friendly meshing tool with parametric input and advanced visualization capabilities.

Gmsh 4.0

COBOL (/ ˈkɒbəl, -bəl /; an acronym for "common business-oriented language") is a compiled English-like computer programming language designed for business use.

COBOL - Wikipedia

Chapter 1 Graphical modeling using L-systems Lindenmayer systems " or L-systems for short " were conceived as a mathematical theory of plant development [82].

CSC 1A. Introduction to Computer Science for Advanced Students. 3 Units. Term Typically Offered: Fall, Spring. Same material as covered in CSC 1 but intended for students who already have significant knowledge of the fundamental concepts of computers and/or computer programming.

Computer Science (CSC) < Sacramento State

This article drills down into old code generation and compares its relationship to DSLs and modelling and establishes the similarities between all three. Using this common basis, it explains the reason behind the recent fashion for XML with everything and the de-facto standard approach to defining languages in XML. Finally, it describes the ...

Code Generation for Dummies - Methods & Tools

Abstract. The Extensible Markup Language (XML) is a subset of SGML that is completely described in this document. Its goal is to enable generic SGML to be served, received, and processed on the Web in the way that is now possible with HTML.

Extensible Markup Language (XML) 1.0 (Third Edition)

API 2218 -- Table 1 -- Initial Planning Dimensions for fire scenario envelope Dimensions of fire scenario envelope Note: These initial planning values should be adjusted if a fire hazard analysis or modeling suggests different protective values.
